Innovation in Products

Silver Yarn

Thermoregulating and sanitizing effect. Silver has been used for centuries to prevent and treat a wide variety of diseases, especially infectious. It is widely documented that silver coins were used in ancient Greece and in Roman times to disinfect stored water and many other liquids. Even today, NASA uses silver to preserve the purity of water in the Space Shuttle.

Usage

The most common applications of silver ion antimicrobial fabrics are sportswear, fashion garments, bedding, accessories (towels) and mask, etc.

Silver yarn is used to make items such as clothing, shoes, bags, and homewares like bedsheets, cushions, and towels.

Advantages

Silver fibers are lightweight, easy to wash, durable, flexible, stretchable and unobtrusive.

They are ideal for smart clothing, power cords.

We vision to deliver effective and efficient solution to textile industry

SCAN
NOW

Colossustex is a visionary platform aiming to make the textile industry future-proof by delivering effective and efficient solution to the textile supply chain management domain. We contribute to make business more sustainable in the long-term and offer positive return on investments through our well-conceived and tenaciously enforced customized solutions. Our team values optimization and its immense impact across business verticals. Hence, you will experience quality service-models addressing your specific business needs. Our models leverage cross-functional dependency between operations and supply chain to introduce effective implementation of proposed solutions to help our clients realize their business milestones.
